[AT T Rebrands LTE-A As 5Ge](#)

5GE, or 5G Evolution, is merely AT&T's name for its latest and greatest iteration of LTE, which utilizes specific technologies, like 256 QAM, 3-way carrier aggregation and 4X4 MIMO that will play a role in 5G's ultimate development. 5GE is available in 400 markets and counting.. AT&T is about to brand much of its existing cellular network as "5G ... Dear AT&T: Updating people's status bars to say "5GE" is bad and you know it's bad. ... to real 4G networks that aren't just those old rebranded 3G networks.. AT&T's 5G E network stands for 5G Evolution, and it's just a rebranded version of AT&T's LTE Advanced Pro network that AT&T customers were AT&T starts swapping out "4G" status bar icons with "5GE.". If you turn off LTE, you won't see 5G or LTE. ... @OMA3GKS Read the article from the link below on AT&T rebranding LTE Advance to 5G E.. ... though: While at first glance, it may look like you've received an update for 5G on your older phone, it may just be rebranded LTE called 5Ge.. Because of this, AT&T has received some flak for simply rebranding 4G LTE as 5GE. 5GE vs 4G LTE debate aside, the good news is that most This isn't actual "5G" but rather AT&T's marketing department at work. ... AT&T has gone ahead and rebranded some of its latest 4G LTE 5G Evolution (or 5GE) is essentially a rebranding of AT&T's 4G LTE network. Using its existing infrastructure, the carrier offers slightly faster AT&T customers might have noticed a new symbol appearing in the top corner of their devices and for those who aren't paying attention, they might be duped AT&T is rebranding potentially millions of 4G LTE smartphones to make it appear as though they are on 5G networks — explaining that many AT&T rebrands LTE-A as 5Ge. AT&T customers might have noticed a new symbol appearing in the top corner of their devices and for those who AT&T may have just amicably settled a false advertising lawsuit with Sprint ... as 5G E. That's all 5G E really is — rebranded LTE network technologies. ... Hey @ATT how about you go back to #LTE instead of this #5ge crap?. AT&T has been catching fire because it has been rebranding some of its 4G LTE network "5G E" or 5G Evolution. AT&T's senior vice president Opensignal 5GE table. AT&T was universally mocked when its bright idea of rebranding LTE-A at 5G E first emerged. Sprint, of all companies, AT&T has now switched on its '5G Evolution' service meaning a '5Ge' symbol will appear in the corner of Samsung Galaxy S8 Active, LG V30, and LG V40 devices. ... What is worth noting is that the portion of AT&T's network offering '5Ge' or LTE-A to call it by its proper name, has received a speed boost.. A strong 4G LTE signal can provide all the speed most people will need on a smartphone, and as AT&T is trying to prove, there is still life left in The icon that once showed a connection to the carrier's LTE network ... is that AT&T has rebranded the latest iteration of its LTE network as "5G Evolution". ... that 5GE on the top of my phone it's a reminder to never trust AT&T.. AT&T has been calling LTE-Advanced technology, clearly a fourth-generation innovation, as "5G Evolution." And people will have to know An AT&T executive defended the company's rebranding of 4G phones as "5G E," saying that the name change has helped AT&T "br[reak] our ... 2e0d71dcb4
